Mr. Plastow,

My name is Robert Van Dyke and I represent the Kane County Water Conservancy District. We look forward to working with you in the special purpose review as discussed in your engagement letter dated Sept 1, 2021 which is attached.

It is our understanding that the current action of the State Auditor as discussed in the engagement letter is being undertaken due to one or more complaints against the District. The District would like to see the complaints directly. Although we appreciate the review being conducted by the State Auditor's Office, it is necessary for us to have the information of the complaint directly so that we can internally assess any areas of improvement that may need to be made or any areas where members of the public may inaccurately perceive a deficiency in District operations so that the misperception can be corrected. To that extent the District requests the following records:

-Any and all records, including but not limited to written or electronic correspondence, received by the State Auditor's Office regarding the Kane County Water Conservancy District that resulted in the current actions of the State Auditor's Office, which actions are discussed in the attached letter of engagement.

-Any and all records, including but not limited to written or electronic correspondence, from the same complainants as the records request stated above that were received by the State Auditor's Office from Jan 1, 2021 to today's date.

-Any request by the above-mentioned complainant requesting their complaint to be confidential.

As a Local District and Political Subdivision of the State of Utah, this request is made for the benefit of conducting the public's business. As such we request a fee waiver for this GRAMA request. To the extent that the records can be provided electronically that would be our preference for receiving the records.

If you are not the appropriate person to receive this request please forward it to your Records Officer. If you need any further clarification regarding this request please feel free to reach out to me.

Sincerely,

Rob Van Dyke
